

ROOF SEAL SPRAY

Repair, Protect and Repel moisture

Product description

ROOF SEAL SPRAY is a spray for sealing and repairing all surfaces. It allows you to make emergency repairs easily to your roof or seal leaking gutters without special tools. You can also protect components from moisture, rust and stone chips.

Application

For use on roofs, gutters and downpipes. Adheres to all common materials: bitumen, cement, roofing tiles, plastic, metal, wood, etc.

Advantages

- Quick waterproofing
- Adheres to all materials
- No tools needed

How much product do I need?

- Approx. 0,3 m²/L

Handy tips?

- Store in cool (max 25°C) dark place.
- Do not process at temperatures above +50°C.
- Shelf life: at least 12 months. Limited shelf life once opened.

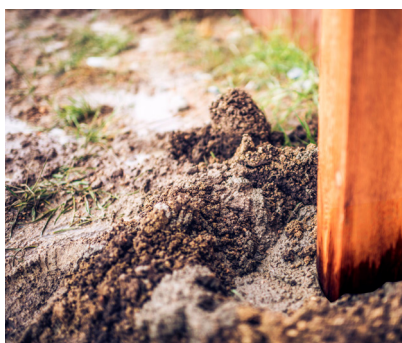

Material	Colour	Contents	Coverage	Drying time	Coats	Overpaintable
Bitumen	Black	300 mL	Approx. 0,3 m ² /L	90 min.	n/a	Yes

ROOF SEAL SPRAY

Repair, Protect and Repel moisture

INSTRUCTIONS

How do I prepare the surface?

- Apply to surfaces free of dust and grease. Smooth surfaces may need to be roughened up.

How do I use the product?

- Shake well before use.
- Spray on from a distance of 5 to 10 cm. Apply several thin layers to create a waterproof finish.
- To repair larger cracks, first cover them with masking tape.
- Can be painted using most paints and varnishes after 90 minutes.
- After use, turn the can upside down and spray to empty the nozzle.
