

ROOF REPAIR GUTTERS

Waterproof repair paste for gutters made from all commonly used materials

PRODUCT DATA SHEET

Product description

Roof Repair Gutters is a solvent-free, Odourless, ready-to-use repair paste made from flexible hybrid polymers. It repairs damage to gutters made from all commonly used materials.

When cured it forms a waterproof, maintenance-free, elastic and seamless coating.

Application

For use on gutters made from all commonly used materials.

Advantages

- › Resistant to all temperatures
- › Highly elastic and covers cracks
- › Adheres to all commonly used materials
- › Handy size for small repairs

Handy tips?

- Store in a cool (max. 25°C) and frost-free place.
- Do not apply if the ambient or substrate temperature is below +5°C.
- Shelf life: minimum 12 months in unopened container. Opened containers have a limited shelf life.
- Can withstand rain/water after 12 hours.
Fully cured after 36 hours (depending on ambient conditions).

ROOF REPAIR GUTTERS

Waterproof repair paste for gutters made from all commonly used materials

INSTRUCTIONS

What do I need?

How do I prepare the surface?

- First dry and remove all dust and grease from the substrate.
- Roughen the surface to be treated with a steel brush and degrease it with a solution of water and ammonia or a synthetic degreaser. Note: only treat new metal after 6 months.
- Cover visible holes with a piece of masking tape to prevent seepage.

How do I use the product?

- Squeeze **ROOF REPAIR GUTTERS** onto the prepared substrate and immediately spread it lightly with a brush. Use 0.45 to 0.50 l/m² (coat thickness = ± 0.5 mm).
- One coat is sufficient.
- In extreme cases, a second coat can be applied after 24 hours.
- Reinforce larger cracks with **ANTI-CRACK** polyester fleece between 2 coats of **ROOF REPAIR GUTTERS**.
