

# CORNER ROLLER

An ergonomic pressure roller for corners

## Product description

The Corner Roller has a 5x30 mm brass pressure wheel and an ergonomic handle. It is an indispensable pressure roller for getting into corners when installing EPDM roofing tautly. It allows you to seal all corners perfectly. Use it where an ordinary pressure roller cannot reach.

## Application

The Corner Roller can be used to seal corners on EPDM roofing, tape or pond liners.

## Advantages

- › Brass pressure wheel
- › Can seal corners where other rollers cannot reach
- › Ergonomic handle

Material	Wheel width	Length	Weight
Brass	5 mm	165 mm	120 g
